Dear Sir:

Enclosed for filing in the above-identified application is a PTO/SB/08 Equivalent listing two (2) references to be considered by the Examiner. Also enclosed is one (1) non-patent literature reference as listed on the Information Disclosure Statement.

Reference 1 identifies a patent filed by Applicant that issued on June 26, 2007. Applicant directs the Examiner to this reference to consider whether the subject matter claimed, now or as may be amended in the future, as well as the associated prosecution history, now or in the future, may be relevant to the patentability of the present application (e.g., for reasons of obviousness-type double patenting). Applicant believes that the Examiner has access to the application and associated file history through the Patent Office (e.g., the IFW system). Accordingly, Applicant has not provided copies of this application or its associated file histories, but would be happy to do so, now or in the future, should the Examiner so request.

Reference 2, which is an Office Action dated July 16, 2007 in U.S. Application No. 11/490,620 (filed 07/21/06, U.S. Publication 2006-0259052 A1 published 11/16/06), refers to two Barbut patent references. Barbut U.S. 5,662,671 has been previously filed in this Application in an earlier IDS. Applicant does not believe the second Barbut reference is material and non-cummulative of other references already cited in this matter.
